

## TCM Forklift Part

TCM Forklift Parts - In the international trade of material handling, forklifts play an important role for transporting industrial goods. Originally innovated as industrial vehicles during the 1930s in the United States, forklifts gained recognition following WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread worldwide.

Initially founded as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. before becoming recognized as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first lift truck. Through the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the trade. TCM started constructing lift truck manufacturing sites outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With over 50 years of accumulated technology and expertise, TCM has been proudly manufacturing numerous models of industrial forklifts, making their models known all over the globe. With a strong and energetic workers, TCM has been able to continually work towards becoming a future leading material handling company.
