

## Concrete Hoppers

Concrete Hopper - The self-dumping hopper accessory could automatically start to both dump and release when the bumper release contacts the side of a dumpster. Once unloading is finished, the hopper can return to original locked and upright position. This piece of equipment is likewise accessible together with a cable which enables operation from the seat of the lift truck so as to have the choice of manually unloading the hopper. There is a locking chain provided to lock the hopper to the fork truck. This product is made with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper also has a blue powder coat finish to maintain durability.
